

Jannali East Public School

Anti-bullying Plan 2019

Bullying behaviour has three key features. It involves the intentional misuse of power in a relationship. It is ongoing and repeated, and it involves behaviours that can cause harm. The NSW Department of Education requires all NSW public schools to have an Anti-bullying Plan which details the strategies implemented to reduce student bullying behaviours.

Resources

The NSW anti-bullying website (see: <https://antibullying.nsw.gov.au/>) provides evidence-based resources and information for schools, parents and carers, and students. Schools are encouraged to visit the website to support whole-school prevention, early intervention and response approaches and strategies for student bullying behaviour.

Jannali East Public School's commitment

Our school rejects all forms of bullying behaviours, including online (or cyber) bullying by maintaining a commitment to providing a safe, inclusive and respectful learning community that promotes student wellbeing. Executive staff are committed to establishing evidence-based approaches and strategies that promote a positive climate where bullying is less likely to occur.

1. School culture and inclusion

All members of the school community are active participants in building a welcoming school culture that values diversity and fosters positive relationships. A key component of a supportive school culture is building respectful relationships and an ethos that bullying is not accepted, in both online and offline environments. Examples of other ways our school will embed student wellbeing and positive behaviour approaches and strategies in practices include the following.

Jannali East Public School will embed student wellbeing and positive behaviour approaches through lessons to support students with developing resilience and dealing with bullying when it occurs, and various other programs, as outlined in, and consistent with, the JEPS Student Wellbeing and Discipline Policy and the JEPS Anti-bullying Plan.

In addition to the PDHPE curriculum, students are taught a range of skills to support their wellbeing for example; developing a growth mindset, and keeping safe online (cyber safety).
